1. INTRODUCTION

The Tobacco Board, flagship under the ministry of commerce and industry has decided to implement a country-wide portal to ease and facilitate procedures for traders associated with the Board. The software application will act as an end-to-end system wherein traders can handle their all activities entirely on-line starting from Registration, Renewals, Filling of Returns, **RCMC Certificate registration** and GSP certificate. The end-to-end portal has the following key modules:

- Traders’ Registration
- Traders’ Returns
- RCMC Certificate
- GSP Certificate

TRADERS RCMC MODULE – OVERVIEW

**Before you begin:**

In the software application, traders will be identified with a unique ID. The traders will be required to register in the trader registration module as a pre-requisite for participation in the RCMC Certification registration of the application.

Only the traders having active registration with the tobacco board can participate in RCMC Certification and have authorized entry into the portal. Given the sensitivities, traders will be allowed to register in the portal only after their identity and the veracity of their claims have been verified.

Once registration is approved for the trader and the registration status is “**Registered**” the trader can file online returns under that particular category. Trader has to ensure that his registration with Tobacco Board is approved before applying for RCMC Certificate which otherwise can also be tracked by him through the application.
2. PRE-REQUISITES

The Trader must have the following:

2.1. A broadband Internet connection, it is suggested to have minimum 512kbps line. This is required for ensuring faster response while accessing information, processing and uploading of files. Some of the common broadband service (and other High-speed Internet service) providers are BSNL, Airtel, Sify, Reliance and Tata VSNL and more.

2.2. You need to go to PORTAL using the URL http://www.tobaccoboard.in to enter the Information Page as indicated in the following screen shot.

![Figure 1](image)

2.3. In the software application, traders will be identified with a unique ID. The traders will be required to register in the trader registration module to obtain their unique Id, which is a pre-requisite for participation in the portal activities.

2.4. The portal is compatible with all browsers, however Mozilla Firefox is preferred.

2.5. A valid e-mail account with enough space to receive mails. If you are a regular trader to the Tobacco Board we recommend a dedicated email account and an alternate e-mail account in case the preferred e-mail service has some problem of receiving and sending mails. There are many free mail services available on the internet today like Hotmail,
gmail, Yahoo mail, Rediffmail, Sify mail etc. There are many paid services available if you prefer. Following are the links to some of these e-mail service providers.

Gmail : http://www.gmail.com
Hotmail : http://www.hotmail.com
SIFY : http://www.sify.com
Rediff : http://www.rediffmail.com
Yahoo : http://www.yahoo.com (or) http://www.yahoo.co.in
3. **PROCEDURE INTRODUCTION:**

This section details what the documented procedure(s) is and business information about when it should be used. This section also provides information about why a procedure(s) is important and the context in which it should be utilized.

RCMC registration module has been divided into 3 parts.

- Submission of application for RCMC Certification on portal
- Approval of application for RCMC Certification on the portal
- Renewal of approved application

Once exporter submits an application for RCMC Certification they may see the status of the application on the PORTAL. Exporter will be intimated when their application is approved.
4. **RCMC CERTIFICATE REGISTRATION PROCEDURE:**
(Only for Exporter of Unmanufactured Tobacco & Exporter of Tobacco Products)

Registration-cum-Membership Certificate RCMC is obtained to furnish to the DGFT department for doing exports of tobacco and tobacco products outside India.

Once registration is granted both categories of Exporters i.e. Exporter of Unmanufactured Tobacco & Exporter of Tobacco Products can apply for RCMC to the board.

Exporter can login using the Login ID and password sent to them and click on “Registered” under the particular category of Exporter and navigate to the Trader dashboard. Once opened the trader can click on the Menu **Application**

The various stages of Application processing are

- **Application Incomplete:** Trader has filled the application but has not submitted it to the Tobacco Board and trader cannot file any returns till he is approved as a registered trader by the Board.

- **Submitted:** Trader has submitted the application and is awaiting for Board’s approval

- **Registered:** Traders post approval by the Board will be updated as “Registered”
For ex. In screenshot above the ABC Company is granted approval of registration with Tobacco Board for particular year under all the categories the status of the categories is “Registered”

Once traders status is updated as “Registered”, trader may click on it and navigate into the dashboard under the particular category and perform all the activities associated with the particular category (ex. Returns Filing, Applying for RCMC and GSP certificate as applicable to the trader)

Once Exporter of Tobacco & Exporter of Tobacco Products clicks on “Registered” under the particular category they can find dashboard associated to that category.
Below you may find the screenshot of Exporter dashboard for the category
